Experience

J Spider (Software Developer Training)

Bengaluru, India

Java fullstack Developer

august 2023 – feb 2024

- Proficient in **HTML, CSS, JavaScript**, for developing, responsive, and interactive web applications.
- Experienced in working with **SQL** (relational databases) for efficient data management.
- Skilled in **Core Java, JDBC,**and **Spring-boot** working for developing scalable and secure server-side applications
- Skilled in full-stack development through J Spiders training, with both frontend and backend technologies

Real time project

AKHM software solutions

Using spring-boot Projects

august 2024-till date

- Developed a real-time web application using Spring Boot and RESTful APIs, enhancing user experience through seamless interactions and data management
- Implemented Spring Security for user authentication and authorization, ensuring data integrity and security.
- Integrated Spring Data JPA to facilitate CRUD operations with a relational database, optimizing data access and retrieval processes.
- Participated in team projects, learning the importance of collaboration in agile development environments.

PROJECTS

• E-Commerce Application | Core Java, HTML, CSS, JavaScript, SQL, Spring Boot | 2024

Developed a full-featured e-commerce application using Spring Boot for the backend and Core Java for business logic.

Created a dynamic user interface with HTML, CSS, and JavaScript, ensuring responsive design.

Implemented user authentication and shopping cart functionalities for a seamless shopping experience.

Utilized Spring Data JPA for efficient database interactions with SQL, ensuring data integrity.

Designed RESTful APIs to facilitate communication between the frontend and backend, optimizing performance

QR Code | [Html, Css,JavaScript](#) 2024

- **Project Overview:** Developed a React.js app for instant QR code creation and customization, featuring live previews and support for links, text, and other inputs, all with a seamless user experience
- **Responsive Design:** Ensure the application is fully functional across various devices and screen sizes.
- **Deployment:** Successfully hosted the application on **Vercel** [\[View Project\]](#)

Online Quiz App | [Html, CSS, JavaScript](#)

- **Project Overview:** Developed a fully responsive Online Quiz App using HTML, CSS, and JavaScript,
- **Interactive Quizzes:** Users can participate in engaging quizzes with a variety of questions
- **Responsive Design:** Fully responsive layout ensures a seamless experience across all devices.
- **Hosted on Vercel:** Reliable and fast deployment with Vercel for smooth user access [\[View Project\]](#)

TECHNICAL SKILLS

Languages:C,CoreJava,JavaScrip

Technologies:HTML5,CSS3

Databases: SQL, MongoDB

Frameworks: SpringBoot, Bootstrap

Developer Tools: VS Code, IntelliJ, Eclipse, MySQL Workbench, Git, GitHub,postman

ACHIEVEMENTS

- I WON 1st prize at Easy writing competition in School Palthur.
- I solved Hacker rank in java problem I got 4*.

CERTIFICATIONS

- Java full stack development certification in J spider.[\[View Certificate\]](#)
- **SQL** (Basic) certification from Hacker rank. [\[View Certificate\]](#)
- Certificate of Technical Achievement in c Language.[\[View Certificate\]](#)
